

CAREGIVING FOR A LOVED ONE LIVING WITH DEMENTIA

WHAT IS THE STUDY ABOUT?

This study is designed to gather information from people caregiving for a loved one with dementia to help us better understand their experiences as a caregiver and the ways they approach providing care.

WHAT WILL I BE ASKED TO DO?

The survey family members (or friends) who help a person living with dementia to complete an online survey about their caregiving experience and approaches/strategies for caregiving. The questions will be about recent experiences, behaviors, and character traits. You may decline to answer any questions that could make you feel uncomfortable. The researchers will maintain strict confidentiality of all survey responses.

HOW LONG WILL THE STUDY TAKE?

The survey will take approximately 30 minutes to complete.

WHERE DOES THE STUDY TAKE PLACE?

The study is conducted online and is accessible via the link or QR code below.

IS THERE COMPENSATION?

Participants will have the option to enter themselves in a drawing for Amazon gift cards via a separate form to ensure anonymity of their research responses. Drawing winners will receive either 1 of 30, \$20 gift cards or 1 of 3, \$50 gift cards.
